Communication For Development Theory And
Development Communication: Theories, Means and Methods

(DOC) Development Communication: Theories, Means and ...
Communication for Development is all the different types of communication that need to take place in societies if sustainable democratic development is to occur. The approach to Communication for Development has evolved over the years. Initially developed after World War II as a tool for diffusion of ideas, communication initiatives primarily involved a one-way transmission of information from the sender to the receiver. This includes large-scale media campaigns, social marketing, dissemination
