MY PRACTICE MANAGEMENT

The second reason to expand management responsibility is to position your practice for growth. The team attends to the important systems and the dentist is free to focus on clinical dentistry. Consider the alternative. If the size of the practice grows with its "house" not in order, chaos will result, due to disorganization and systems breakdowns.

Restructure your team to share management responsibilities ...

A common sequence for establishing objectives includes the following steps: • Develop a practice philosophy. The dentist identifies in a broad statement the basic concepts about patient care, business management, auxiliary utilization, health and safety, and continuing education for the practice. • Develop practice objectives.

2. Dental Team Management | Pocket Dentistry

You can't run your clinic alone. Whether you are a large center or a small clinic, you likely will need to manage both professional and support staff. You may need other dentists, specialists, hygienists, office managers and front desk personnel to be part of the team.

5 steps to developing your team | Practice Management

To develop and strengthen your office culture, gather all of your staff members and have an in-depth discussion about your dental office's day-to-day operations as well as its long-term goals. Have everyone write down what they believe to be the identifying factors, then work through them so each employee is on the same page.
