The book has many interesting projects with a contemporary edge best suited to those who want to really explore all the possibilities drawing has to offer. It's also a highly recommend and useful sourcebook for teachers and those with a little experience. Raw beginners would be better off with a different book, but keep it in mind for later.

Best Drawing Instruction Books for Beginners for 2020

This book covers drawing for the first 18-20 chapters then quickly switches mediums. If you want a singular book on drawing then I'd instead recommend the first 2-3 books at the top of this list. However I wouldn't say this book is bad or incorrect in how it teaches drawing. Just that it goes far beyond mere drawing, and this can be off ...
