Intermediate Statistics: A Modern Approach Article in The American Statistician 54(3):225 · August 2000 with 141 Reads How we measure 'reads'

Intermediate Statistics: A Modern Approach

Intermediate Statistics: A Modern Approach Lots of typographical errors in this book, which made it difficult to read and follow the examples. I expect more proofreading from a textbook. Wasn't very thorough in its examples and descriptions. The only thing this book was good for was the tables in the back. Don't buy this book unless you have to.
