International Financial And Monetary Law

International Financial and Monetary Law. Second Edition. Rosa Lastra. The leading authority on central banking and financial regulation ; Includes detailed analysis of public international law aspects and the role of central banks and institutions such as the IMF

International Financial and Monetary Law - Rosa Lastra ...

" International and Financial Monetary Law is a great work. For bankers, economists, lawyers and regulators, it covers the entire terrain of law and regulation relating to money, emphasizing the key role of central banks. It is particularly instructive in its examination of the role of central banks as lenders of last resort."
