ISO 10218-1 : Robots and robotic devices — Safety ...

ISO 10218-1:2011 specifies requirements and guidelines for the inherent safe design, protective measures and information for use of industrial robots. It describes basic hazards associated with robots and provides requirements to eliminate, or adequately reduce, the risks associated with these hazards. ISO 10218-1:2011 does not address the robot as a complete machine.
