The Secret Code (1942) - IMDb

To control CNC machines we use commands called CNC G Codes. Although different manufactures of the machine tool may adopt their own use for certain G Codes there is a core group that is common on every machine tool. These standards are used on CNC Lathes, Milling machines, routers and more

CNC G Codes - GCodeTutor

What is G-Code? G-code is a programming language for CNC that instructs machines where and how to move. Most machines speak a different “dialect” of g-code, so the codes vary depending on type, make, and model. Each machine comes with an
