The New Media Invasion Digital

With his latest work, The New Media Invasion, John David Ebert assumes the mantle of America's preeminent media critic. With McLuhan-like erudition, Ebert examines our ubiquitous electronic, attention-slaving gadgets. And exposes ethereal internet entities, such as: Amazon, Google, and Facebook, for capturing our ideas and identities.

The New Media Invasion: Digital Technologies and the World ...

From the 15th century until the mid-1990s, media based on the printed word—books, magazines, handbills, newspapers, and journals—dominated society. Today, an onslaught of digital media centered on the Internet is developing at a breathtaking pace, destabilizing the very idea of printed media and fundamentally reshaping our world in the process.
